SUBJECT: ARMENIA: TERRORIST LISTS

REF: STATE 193615

Contacts at the Central Bank, Ministry of Foreign Affairs and National Security Service (NSS) told us that Armenia does not maintain its own lists of banned terrorist entities. Armen Papikyan, head of the Conventional Arms Control Division of the MFA's Department of Arms Control and National Security, said the MFA ensures that the Central Bank and NSS receive regularly updated copies of the banned terrorist entities list maintained by the United Nations.
